# 4G Predator 2

4G Video Intercom

— 4G version of the fastest growing AES product, the Predator Video Intercom.
— Connects to 4G network with 4G compatible SIM (Included*).
— No need for Wi-Fi connectivity. Totally independent from home network.
— Easy plug and play setup with same app as Wi-Fi version.
— Simply connect both devices together via Ethernet cable (supplied), connect power and log on with provided credentials.
— Complete with 24V dc PSU (for intercom), and POE adaptor (for modem).
— 100 calls per ½ GB of data (based on 30 second calls).

*System will be preloaded to work with the network of the SIM provided. Registration is required to set up payment plan before the SIM will become active. You have the option to provide your own SIM, this will incur additional setup that can be advised by our technical team directly to the installer.)
