

Wall-Mounting Storage Shelf for PL1

Part No. PL1/SHELF

Overview

- An attractive, easy-to-fit mounting accessory that safely and securely holds a PL1 portable loop amplifier when it is not in use.
- Includes a pre-cut hole for feeding through the plug-top power supply's lead to the PL1's charger socket so the amplifier can be charged whilst stored on the shelf.
- Built-in pocket for instruction storage.
- Finished in black high-impact plastic.

More Information
