WHERE

Residential, commercial and retail outlets, especially areas where its very dark at night and a clear colour picture is needed. Suitable for indoor and outdoor use

WHY

Whilst the camera can be viewed in colour 24/7, the camera can be set up on infra-red (IR) and turns to colour when motion is detected. It's great for deterrent purposes and has a built-in microphone so user can listen remotely from the app or the web browser. The motion camera can be setup to send a notification to the user's app with live video/ audio footage. Ideal where plate number plate recognition is required
