

# Expandable 100-Zone Control Panel

The Scantronic 100WE is a Grade 2 control panel with 10 zones on board, expandable to 100, and feature-packed to deliver you real benefits. Built with cyber security in its DNA, the Scantronic 100WE is SecureConnect™ Cloud and App enabled.

### Decimal expansion system

Expanders have 10 zones in addition to the 10 zones on the end station. It provides 25% more zones per expander than traditional 8 zone expanders. A 30 zone radio expander is also available.

### Performance bus

Fit up to 20 bus devices: expanders, keypads or power supplies.

### Semi-auto addressing

Prevents address duplication for bus mounted devices, saving hours of installation diagnostic time.

### Audible bus device tracing

Locate any bus device quickly and easily. Reduce the time taken to complete maintenance and service calls.

### At a glance...

- Ten zones expandable to 100
- 100 user codes
- SecureConnect™ enabled
- Range of keypad options
- App for end user control and notification
- Common programming across the range
- Built-in ethernet port, and optional Wi-Fi and 4G
- Includes keypad with zones and proximity reader

*Powering Business Worldwide*

# Scantronic product data sheet

## Product specification

Product code	PAN-100WE-KPZ
Compliance	EN50131 PD662:2017 Grade 2
Zones on board	10
Total number of buses	1
Number of users	100
Number of outputs	100 system plus 12 communicator
Number of part sets per partition	3
Number of partitions	5
Power supply	1A
Battery (maximum capacity)	1 x 7Ah
Temperature range	Environmental class 2 -10°C to 55°C 93% RH
Weight	2.8Kg - Panel without battery
Event log size	1,500
Remote communications	Ethernet included. Choice of plug on communicators for PSTN, GSM or 4G
Micro SD card	Yes
Dimensions	239mm (h) x 250mm (w) x 90mm (d)
